

Press Release

New Acupuncture Services Now Offered at Berkeley Chiropractic Center

Berkeley Chiropractic Center is pleased to announce that Dr. Melissa Hall, DC has joined the practice. Dr. Hall is a Chiropractor that is also certified in Acupuncture Meridian Therapy. She graduated from Life University Chiropractic College in Marietta GA. Dr. Hall is excited to be returning to Eastern NC as she is a Wilmington NC native who did her undergrad studies at East Carolina University. After graduating from Life University she opened a practice in Cookeville TN for 10+ years.

Traditionally, Dr. Hall has worked with men and women from all walks of life addressing the movement and pain issues they have incurred. During the last few years her focus has been on working with Veterans and their families addressing the complex health issues they have. Dr. Hall has found that the combination of Chiropractic care and Acupuncture has drastically improved the quality of life of her clients. Veteran's Administration approves both Chiropractic and Acupuncture care for the health care of their Veterans.

Locally, Berkeley Chiropractic Center is best known for the work they do helping those injured in auto accidents. This will continue to be one of the main focuses of Berkeley Chiropractic. With the addition of Dr. Hall, we will also be able to expand our services to better serve the community. Acupuncture is a tried and true natural holistic way to heal the body and many medical issues can be improved through the use of acupuncture. If you have any questions or would like to know more about the new services, please contact our offices at (919)341-1818.
